

FORAGE FIRST®

Jump Start Pasture Mix

- **Highly palatable**
- **Very responsive to fertilization**
- **Provides early spring & fall forage**
- **Maintains solid summer performance with adequate moisture**
- **Excellent for overseeding existing stands or short-rotation pastures**

Jump Start Pasture Mix is a quick establishing mix that is an excellent choice for overseeding existing stands or short-rotation pastures. Jump Start Pasture Mix performs well on poorly drained sites, but does best on moderately well-drained soils.

- **Includes CrosseCoat™** - an elite platform of proven seed coating and treatments to enhance germination, establishment and survival

FORAGE FIRST® FACTOR: We provide a diverse set of mixes to produce high quality forage for your unique operation. Our versatile pasture mix portfolio offers a variety of proven products to fit any need, created with flexibility and ease of management in mind.

All Forage First® pasture mixes contain top performing forage varieties for improved yield, higher nutritional value, increased stand life and grazing tolerance, excellent regrowth and more.

- 30%** Endo-Graze XL Perennial Ryegrass
- 30%** Diploid Perennial Ryegrass
