

REVOLT

NEXT GENERATION VARIETY WITH EXCELLENT YIELD POTENTIAL AND FORAGE QUALITY

- Excellent combination of yield potential and forage quality.
- Strong agronomic package in a fall dormancy 6 variety.
- One of the latest generation fall dormancy 6 varieties available.
- Provides salt tolerance at critical stages in plant development.
- The Roundup Ready® Alfalfa trait provides optimal weed control, making crop management easier than ever before. It helps produce better feed quality and stand during establishment while increasing yield potential.
