FORAGE FIRST®

FF 4215.HVX RR ALFALFA

HARVXTRA

with Roundup Ready® Technology

HarvXtra® Alfalfa is a seed trait that produces alfalfa with

16-20% LESS LIGNIN,*

giving you the

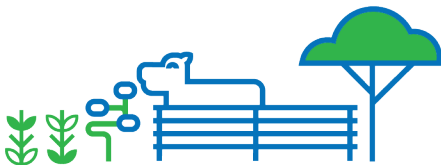

FREEDOM

to choose between

16%

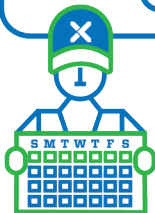

HIGHER QUALITY* (NDFD) WITH NORMAL HARVEST SCHEDULE

OR

UP TO 26%

HIGHER YIELD BY DELAYING HARVEST**

WITH the convenience of a flexible cutting window.

Anyone who's worked on a farm knows stuff happens. Rain. Equipment maintenance. Whatever comes your way, HarvXtra® alfalfa trait provides the flexibility you need.
