

Deer Country Trail Mix

- Very quick & easy establishment
- Includes shade tolerant species
- Spring/fall planted perennial mix offering year-round food source
- Performs well on light to heavy soil types in moderate shade to full sun

Deer Country Trail mix was formulated to be a quick and easy establishing mix that can withstand full sun to more heavily shaded areas. It contains species that can perform better than others in areas such as logging roads and trails located directly in the woods. Keep in mind, broadleaves and grasses do need some sunlight to grow.

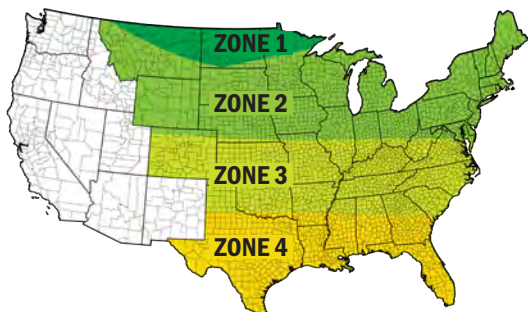

LIFE CYCLE:	SEEDING RATE (LBS/ACRE):	BAG SIZE (LBS):
ANNUAL/PERENNIAL	10 (DRILLED), 15 - 20 (BROADCAST)	25
