

# Perennial Habitat Hide-A-Way

- Spring/fall planted native grass perennial mix offering year-round bedding/buffer source
- Performs well on light to heavy soil types in light shade to full sun
- Maintenance needed during slow establishment period; alternative to *Annual Habitat Hide-A-Way*
- Will reach heights up to 8 ft tall

Perennial Habitat Hide-A-Way is 3-way blend of native grasses that will create an 8 to 10 ft tall bedding/buffer zone/barrier for a tranquil deer setting. This is a perennial alternative to *Annual Habitat Hide-A-Way*. Seek additional information on establishing native grasses from the Natives First® Native Grasses Establishment Guidelines.
