

FORAGE FIRST®

All Purpose Pasture Mix

- Flexible solution for hay & long-term pasture
- Eight components spread out risk (4 legumes & 4 grasses)
- Long lasting forage crop when seeded in pH range of 6.5 to 7.5
- Suited for a wide range of soil types, but will respond to better soils, added irrigation & increased fertility
- Alfalfa variety in All Purpose is appropriate in both hay & grazing environments, matches up well with timothy & orchardgrass maturities

All Purpose Pasture Mix offers durability over a wide range of environments and management styles.

- **Includes CrosseCoat™** - an elite platform of proven seed coating and treatments to enhance germination, establishment and survival

FORAGE FIRST® FACTOR: We provide a diverse set of mixes to produce high quality forage for your unique operation. Our versatile pasture mix portfolio offers a variety of proven products to fit any need, created with flexibility and ease of management in mind.

All Forage First® pasture mixes contain top performing forage varieties for improved yield, higher nutritional value, increased stand life and grazing tolerance, excellent regrowth and more.
