

**FORAGE FIRST®**

## Jump Start Mix

- **Highly palatable**
- **Very responsive to fertilization**
- **Provides early spring & fall forage**
- **Maintains solid summer performance with adequate moisture**
- **Excellent for overseeding existing stands or short-rotation pastures**

Jump Start Mix is a quick establishing mix that is an excellent choice for overseeding existing stands or short-rotation pastures. Jump Start Mix performs well on poorly drained sites, but does best on moderately well-drained soils.

- **Includes CrosseCoat™** - an elite platform of proven seed coating and treatments to enhance germination, establishment and survival

**FORAGE FIRST® FACTOR:** We provide a diverse set of mixes to produce high quality forage for your unique operation. Our versatile mix portfolio offers a variety of proven products to fit any need, created with flexibility and ease of management in mind.

All Forage First® mixes contain top performing forage varieties for improved yield, higher nutritional value, increased stand life and grazing tolerance, excellent regrowth and more.

- 50%** Endo-Graze XL Perennial Ryegrass
- 25%** Tetrabana XL Italian Ryegrass
- 25%** Fusion XL Festulolium

### SEEDING RATES (LBS/ACRE)

30 - 40

### SEED INFORMATION

DEPTH (IN)

1/4 - 1/2

### PLANTING TIMES

Best in early spring or fall when weather is cooler and moisture is reliable.
