

Wildlife Grain Sorghum

Summer planted annual offering cover for upland game birds, migratory birds & deer

- Summer planted annual offering cover for upland game birds, migratory birds & deer
- Performs well on light to heavy soil types in light shade to full sun

Brier Ridge Wildlife Grain Sorghum food plot seed was specifically developed as a fall and winter food source for upland game birds (quail, turkey, pheasant and prairie chicken) and migratory birds (ducks, geese and doves). It is not meant for commercial grain production due to the tannin content.
