Arcadia Kentucky Bluegrass turf seed was developed from a unique cross of Midnight and Limousine Kentucky bluegrass's, and is classified as a Compact Midnight type with an aggressive growth habit. Selected by Seed Research of Oregon agronomists for its superior performance in many areas, Arcadia Kentucky Bluegrass grass seed is a dark green, fine textured, with excellent disease resistance. This variety is a high demand, very popular bluegrass seed among sod farms and other elite project managers.

CHARACTERISTICS:

Benefits:

- Reduced weed invasion problems
- Excellent resistance to Summer Patch, Stem Rust, Dollar Spot, Melting Out, and Crown Rust
- Good resistance to Leaf Spot and Chinch Bug
- Earlier Spring green-up than other Midnight types
- Tolerant of extremely close mowing heights as low as 1/2
